Quality Foodservice Delivered

DIBS Distribution Ltd is a successful, family owned and managed UK business.

In 1987 - coming from KFC production expertise - Barry Payne, alongside his brothers Ian and Graham, combined their talents and entered into the business of portioning and distributing chicken products to restaurants in the Greater London area.

Continual investment in people, technology, NPD and distribution facilities has enabled the company to keep pace with the massive growth of the QSR market. DIBS is now one of the UK's leading independent processors and distributors of fresh poultry portions, frozen and dry food products and food packaging to QSR restaurants in England, Wales and Scotland.

30 years on a new generation of the Payne family continue the family values and work ethic instilled in 1987 ensuring quality foodservice is always delivered.
